A & B Pipe and Supply, Inc. is Miami's leading, multi-line, stocking wholesale distributors of pipe, valves, fittings, and waterworks products manufactured by the best names in the industry. We provide our customers with the best brands, representing major manufacturers from the US and overseas.

Established in 1927, we serve leading contractors and end users in the following industries: water utilities, fire protection, industrial air conditioning, gas installation, food processing, power generation, gas stations, elevator companies, drainage contractors, commercial plumbing and many others. Our customers are located throughout South Florida, the continental US and in select international markets.

We stock a broad array of high quality, competitively priced products to serve the needs of our large and varied customer base. Some well known names that we stock include Victaulic, Stockham, Spears, Ridgid, Mueller, Ipsco, IPEX, Hancor, Apollo, Anvil and Vulcan. Our attached line card lists many of our products.

Excellent customer service results from the experience and technical competence of our staff who work closely with our customers to provide high quality products, delivered on time at a very competitive price. Our experience with large construction and building projects in South Florida gives us an advantage. The A & B Pipe and Supply name is well known throughout South Florida.

We have grown in recent years expanding our business to international markets including Chile, Venezuela, Bahamas, Guatemala, Haiti and Columbia.

The things that differentiate us from the competition are: high quality products, competitive pricing, financing options, ready inventories, and ability to execute quickly.
